Agra, Uttar Pradesh
India

GreenLeaf is one of the fastest growing footwear manufacturing companies involved as shoes and footwear manufacturers in India. Within a short span of time the company has grown multifold in the domain of shoes and footwears with various leather products and industrial leather safety shoes manufacturers. The company is also exporting its footwears to various countries and its footwears and leather products are also shelved in various leading shopping malls in various cities in India. The company is spearheaded by Mr M.P Singh a footwear technologist and with a wide experience in footwear manufacturing and designing. The vertically integrated structure of GreenLeaf provides the support and strength to face the toughest market competition. Each department in the vertical format of Greenleaf is a growth engine in itself, and its uniqueness lies in its structure. Greenleaf Footwear has one of the most advanced manufacturing facilities in India. Its production capacity of over 2500 Pairs a day are produced from its production unit based in Agra. Since footwear as a commodity in India attracts the highest tax incidence, unlike other wearing apparel which for reasons known only to Govt. of India, are exempted from the heavy tax burden.
