American Council for Education, Research and Training (ACERT) is dedicated to imparting and facilitating education at macro and micro level around the world, especially American education in developing countries. Moved by the aspirations of its visionaries, ACERT counsels and guides students while provides training, consultancy and resources to schools, colleges, enterprises and various other bodies.

ACERT operates through its three divisions. These are; Placement for human resource solutions, Global for consulting and Education for all education related activities.

It encourages R & D in education for various countries' education systems, provides resources and guidance to scholars, partners with various governments across the globe to improve quality of education at school and higher levels. ACERT organizes workshops and lectures to full-fledged training for schools and companies. It also provides planning, implementation, certification and evaluation at various levels in Information Technology.

The Council aspires and extends a helping hand to the underprivileged of the society, gives scholarships by collaborating with various sponsors. Those interested in joining forces to bring a change in lives of many can team up with us in several ways, right from active participation to collaboration.

ACERT covers streams like IT, business and management, accounting and commerce, special customized programs and much more. With a large number of centers across the globe, ACERT aspires to fulfill people's dreams of getting technical and managerial education even later in their lives. Various institutes and enterprises can benefit from ACERT by hiring its services for techno-managerial training across various fields.

ACERT strives to bridge the gap between market requirement and skill-set acquired by the pupil in the course of education by providing resources and guidance.

COLLABORATE WITH ACERT Schools, institutes and other bodies can associate with us in one of the following ways:
