Manav Seva Trust (MST) is to provide shelter and support to destitute children who have been deprived of family or have been abandoned by their parents. The trust strives that every resident child attains full growth as a decent human being and becomes a responsible citizen. We are actively involved in social charitable work for the downtrodden of society by providing free education, food for the poor and orphaned, and the development of shelter homes for the poor, the aged, and the orphaned.

There are thousands of orphans roaming the streets. Many of them are born to parents who are too poor to raise them so they are let loose on the streets. They were born there, live there, and die there at a very young age. They search the trash heaps of the cities to fill their stomach. Hunger and thirst are their friends. They've never experienced the love of caring parents.

Senior Citizens of our society whose children and relatives don't want to keep them deserve care and family environment so that they may spend the remaining days of their lives peacefully. Our Old Age Home Provides shelter to all deserving senior citizens of India

As a Foundation our goal is, the initiation, set up, support, management, staffing, maintenance, and financing of projects to provide living quarters, education, healthcare and other needs as necessary for deprived children and neglected senior citizens.

## Old Age Homes

There are thousands of old age men and women that have no place to go in the sunset years of their life. They are hopeless and are ready to pass on into eternity without any preparation. They have never been told of a savior who redeemed them with His own blood and loves them just as they are.

Our Old age home for Senior Citizens and children should live together as a family and support each other physically and emotionally to fill the vacuum destiny has brought in their lives. They should possess high moral values, character, dedication and love for the country and for other human being.

We try to make a difference for some of these lives by giving them shelter at our Manav Seva Trust. We give them the warmth and love and protection they have never known before most suitable environment provided at our old age home of the seva trust.
